HUBZone Contracting Benefits

Meet your HUBZone Participation Goals!

HUBZone goals seem to have become more challenging for Federal Agencies to hit over the past few years. With a few exceptions, most agencies have failing grades in this category. We felt as an SBA HUBZone entity ourselves, some education on the program may help you, us and companies in our category.

The Federal Government has a goal of awarding 3% of all dollars for federal prime contracts to HUBZone-certified small business concerns. Most agencies have difficulty meeting their HUBZone quotas. Many COs indicate their desire to work with HUBZones, but respond: "Yes, I would love to award to a HUBZone but I'm having trouble finding ones that can perform the work I need." Therein lies one of the keys to n2grate's value as a proven, stable provider with strong past performance working with the Federal Government.

There are four types of contract benefits that a HUBZone certified business can qualify for:

- A competitive HUBZone contract can be awarded if the Contracting Officer has a reasonable expectation that at least two qualified HUBZone small businesses will submit offers and that the contract can be awarded at a fair market price.
- A sole source HUBZone contract can be awarded if the Contracting Officer does not have a reasonable expectation that two or more qualified HUBZone small businesses will submit offers, determines that the qualified HUBZone small business is responsible, and determines that the contract can be awarded at a fair price. The government estimate cannot exceed \$5 million for manufacturing purchases or \$3 million for all other requirements.
- A full and open competition contract can be awarded with a price evaluation preference. The offer of the HUBZone small business will be considered lower than the offer of a non-HUBZone/non-small business.
- A subcontract could be awarded by a large prime contractor. Federal rules require these contractors to include HUBZone contracting goals.

How is your agency doing towards its goal of awarding HUBZone-certified small businesses 3% of all federal prime contracts? Please take a look at the scorecard!
